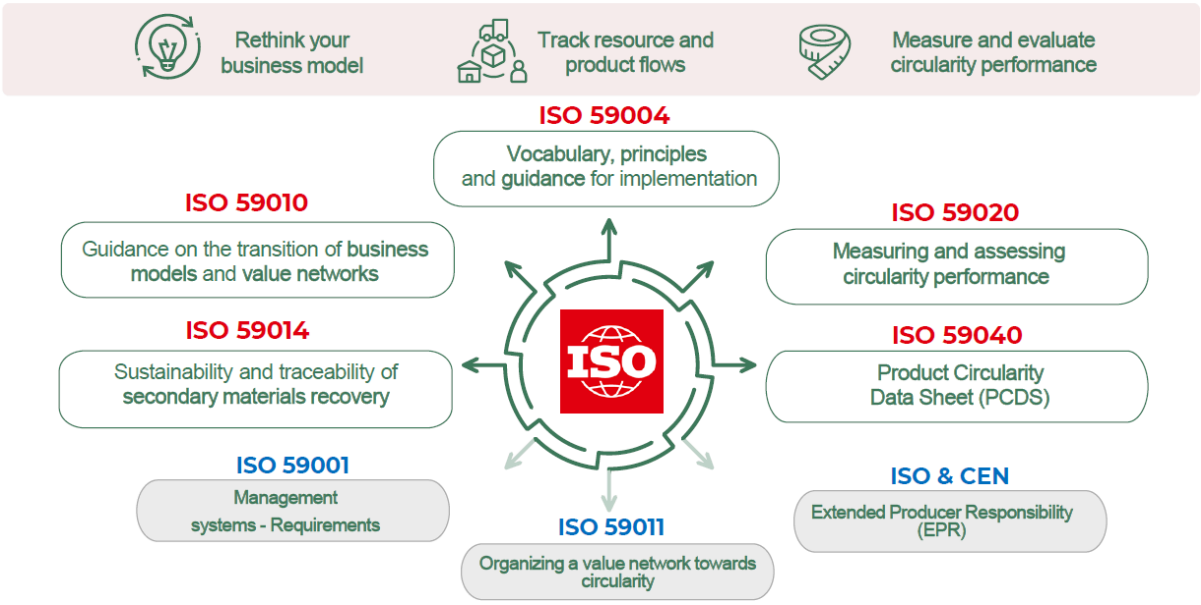
Circular Economy Standards Professional Workshop, hosted by mutualus
Training program



This training is built to enable businesses and industry stakeholders to implement Circular Economy strategies. It uses the ISO 59000 standard as a guideline. The program includes a deep dive into all published standards of the ISO 59000 series, their connections with European legislation and other frameworks, such as SDGs or Global Circularity Protocol, circularity assessment tools and case studies. The number of participants is limited to allow exploring the implications of the standards by each of the participating organizations at every key topic of the training session. The exploratory parts of the workshop can be held in the Czech language.

- ✓ **Boost your circular business strategy**
- ✓ **Enhance your competitiveness**
- ✓ **Get inspired by new circular standards**

Date: 15 and 16 June 2026
Time: 8:30 - 17:00
Location: PRAGA GOLDEN, Pernerova 702/39, Praha 8 - Karlín, Google Map

Main trainer: Hans Kröder, international sustainability expert and trainer
Host: mutualus, a business advisory firm specializing in law and sustainability
Organizer and co-trainer: Zuzana Procházková, independent CE professional (IČO: 24046981)
